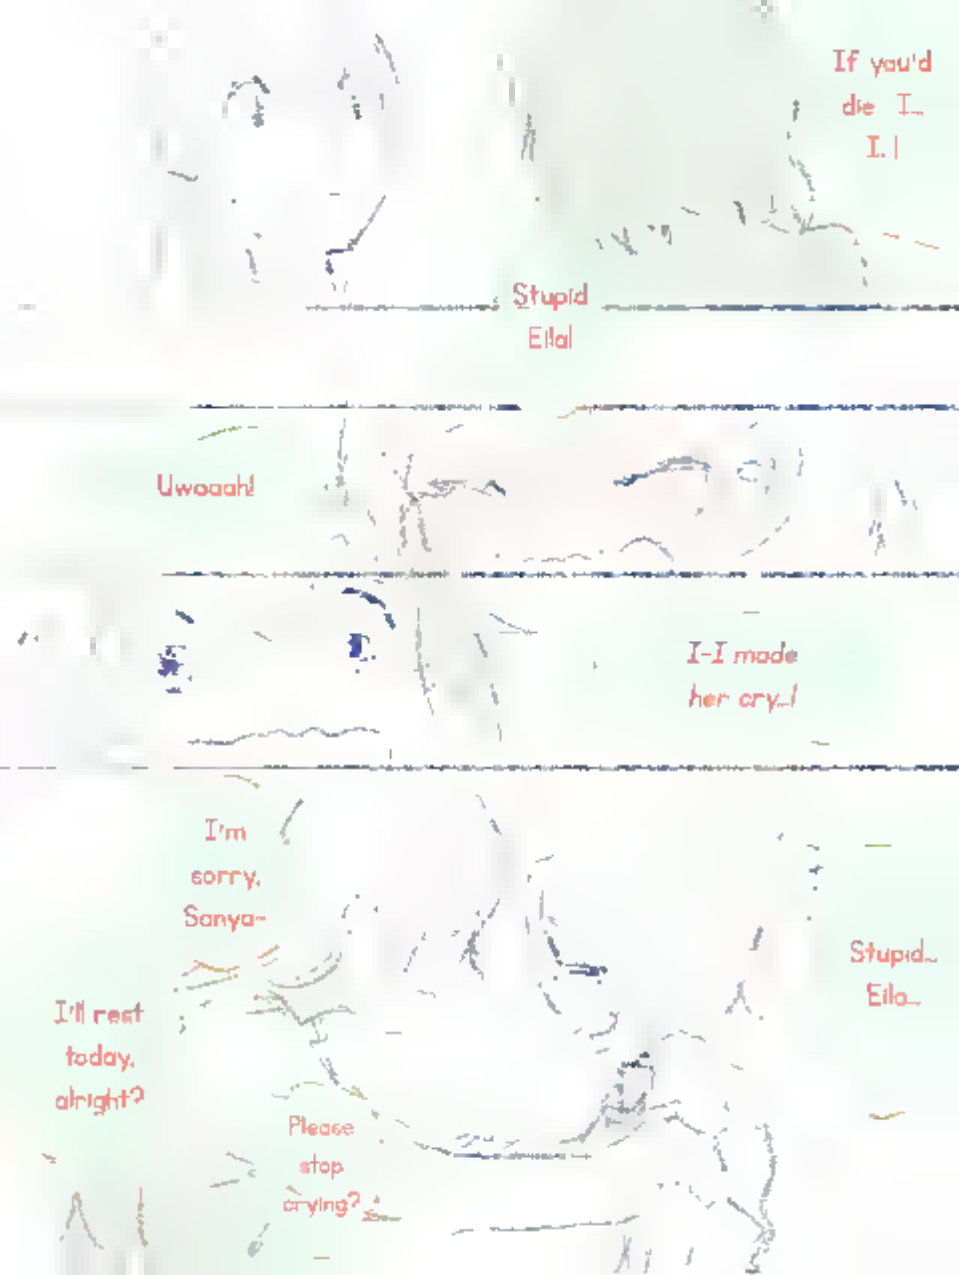
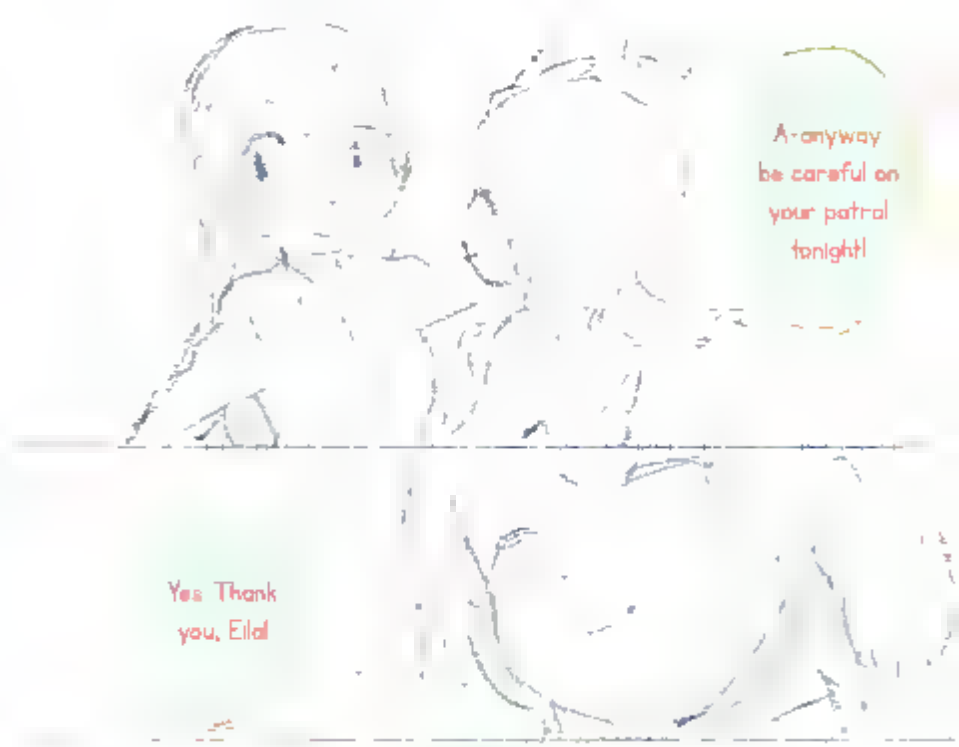
Sanyol You're going on night patrol now?
I-I'm coming with you, hold on!
No!
Ella, you just came back from flying, you must be very tired!
I'm alright! I'm not that tired, and I don't want you be alone!

Eilal
Just wait a second, I'll just need to prepare a few things...
I'm telling you, no! What if a Neurol appears?
Don't worry! If something happens, I always have my foresight ability, and...
Besides, you can hardly stand! You can't fly in this condition...!
Dummy...
Stupid Eilal



If you'd die I... I..!
Stupid Eila!
Uwoaah!
I-I made her cry..!
I'm sorry, Sanya-
Stupid.. Eila..
I'll rest today, alright?
Please stop crying?

That's right! Sonya, instead of me...
Here, this little guy will protect you!
I made it as a protective amulet
But I don't sew things often, so it's not really well-made...
I-it's cute! What is it?
Thank you, Ellal
Not at all! It's really cute!
I-if you like it, I can make as many as you'd like!
She's so cute.



A-anyway be careful on your patrol tonight!
Yes. Thank you, Eilal
See you later!
